4. When finished making your selections, click on the Checkout link at the top of the page.

5. First checkout step. Select your preferred shipping method – orders generally ship on the next business day. Select your tax region – **if the package will be shipped to a location in Florida, USA, select Florida.** Otherwise, select Rest of World. Click Next to continue.

The screenshot shows the 'Check Out' page of the Combat Index Data Store. The page includes a navigation menu on the left, a header with the store name and URL, and a main content area with a checkout form. The form contains a shipping method dropdown, a tax region dropdown, a price summary table, a terms and conditions checkbox, and 'Back' and 'Next' buttons. Red arrows with numbers (1) through (4) point to these elements: (1) points to the shipping method dropdown, (2) points to the tax region dropdown, (3) points to the 'I accept the terms and conditions' checkbox, and (4) points to the 'Next' button.

6. Second checkout step. Fill in the information in this form to tell us where to send your order. This is your credit card billing address. Phone and Fax numbers are used only for shipping purposes and are required for UPS service – you will not be called. “County” is for countries where province information is part of the mailing address. Type any special instructions or comments in the Comments box. If you want the package sent to an address other than your credit card billing address, select this option.

If the package will be sent to a military installation, please use a standard street address format if at all possible (123 Cherry St.) as opposed to “Building 23, Fort Jones” in order to avoid delays in shipping. Standard APO/FPO addressing is acceptable for deployed units.

Important: Click the Next button at the bottom of the page to proceed to the last step - credit card payment.

7. Third and final checkout step. After clicking the aforementioned Next button, you will be sent to our secure (https) credit card processing provider. Your card's billing address information will carry over, and you just need to provide the card numbers here. Your card information goes directly to the bank (Card Service International, subsidiary of First Data Corporation) through their LinkPoint Connect software. Combat Index never sees this information, we only receive notice that this process was successfully completed.
